AVID Facts

The AVID Parent

AVID parents encourage their students to achieve academically, participate on an advisory board and in AVID parent and site team meetings, and maintain regular contact with the AVID coordinator.

The AVID Curriculum

The AVID curriculum, based on rigorous standards, was developed by middle and senior high school teachers in collaboration with college professors. It is driven by the [WICR](#) method, which stands for writing, inquiry, collaboration, and reading. AVID curriculum is used in AVID elective classes, in content-area classes in AVID schools, and even in schools where the AVID elective is not offered.

The AVID Tutor

Tutors are essential to the success of the AVID elective class, where they facilitate student access to rigorous curriculum. As students from honors classes, colleges and universities, tutors receive formal training and also serve as role models. AVID students who continue their education in college often return to the program as tutors.

AVID Advancement Via Individual Determination
